

About Peninsula College

At Peninsula College, our unique environment encourages you to explore new possibilities. We're innovative and student centered with excellent faculty and small classes. Our learning facilities feature striking architecture and classrooms with advanced instructional technology and equipment. We offer international learning experiences and are actively involved in our local community. What's more, we provide many extracurricular opportunities: champion athletic teams, student clubs and activities, and an array of cultural and fine arts events throughout the year.

The Olympic Peninsula provides an extraordinary setting for Peninsula College. The surrounding mountains, forests, and the ocean provide you with opportunities to participate in outdoor learning and recreational experiences that are unequalled at other college locations in Washington.

The services and activities of Port Angeles, the largest city on the North Olympic Peninsula, are easily accessible, and students and community members alike enjoy the opportunity to work together on projects and special festivals that involve both groups.

Major cities, such as Seattle and Victoria, British Columbia, are only a few hours away, while major Native American museums and a United Nations World Heritage Site—Olympic National Park—are practically at our doorstep.
