

CMAA 102 : Advanced Medical Assisting Skills

This course is part of the registered Medical Assistant Apprenticeship program offered through the Washington Association for Community Health. Students learn advanced medical assisting skills such as phlebotomy, advanced lab skills, administration of medications, cardiopulmonary procedures, and assisting with specialty exams. Each module also contains an introduction to the anatomy and physiology of a related body system. This class may include students from multiple sections.

Prerequisites

Acceptance into WACH Apprenticeship Program
