

CMAA 104 : Principles of Patient-Centered Care

This course is part of the registered Medical Assistant Apprenticeship program offered through the Washington Association for Community Health. Students learn the principles of patient-centered care and how to operate as a key member of an integrated care team. Students are introduced to basic administrative skills such as scheduling, billing and coding. Finally, students will participate in a self-paced targeted review for the Certified Clinical Medical Assistant (CCMA) exam. This class may include students from multiple sections.

Prerequisites

Acceptance into the WACH Apprenticeship Program
