

CMAA 105 : MA Apprenticeship Clinicals

The WACH apprenticeship program requires the apprentices to complete a minimum of 2,000 clock hours of paid on-the-job training with a 1:1 apprentice coach. These hours are completed at the place of employment and the hours are tracked via time sheets by the employers and the WACH. This class may include students from multiple sections. Prerequisite: Acceptance into the WACH Apprenticeship Program. Hours are to be completed concurrently with the online didactic material offered by the WACH and the in-person skills days are scheduled and conducted by the employers and the WACH.
