Program Description

The Peninsula College Associate in Applied Science (AAS) Medical Office Assisting program provides training for adults seeking employment in the administrative areas of medical offices, clinics, hospitals, home health, extended care facilities, and other healthcare settings. Graduates are likely to find employment in these areas, while advanced degrees may provide access to a wider range of career opportunities in healthcare. Technology skills are integrated to prepare students for medical office employment, including electronic medical billing and coding, bookkeeping and accounting, and charting in patient records. Immunizations and background checks must be completed prior to the student being placed into a local healthcare facility for their required externship/practicum experience(s).

Program Length: 6 Quarters
Program Code: MOAMAAPT

Career Opportunities and Earnings

There is a high demand for professional medical office assistants and an increasing number of employers are seeking skilled medical office assistants. Graduates may find positions in a variety of healthcare settings including medical offices, clinics, hospitals, home health and extended care facilities. Wages often begin around \$20.71 per hour. Potential positions include:

- Medical office assistant
- Medical secretary

For current employment and wage estimates, please visit and search for Medical Office Assistant: bls.gov/oes.

Program Outcomes

Upon completion of the Medical Office Assistant program, students will be able to:

- Function professionally in a legal and ethical manner as a medical office assistant/specialist
- Use medical terminology correctly
- Effectively communicate with other healthcare team members, patients, and physicians
- Procure and distribute office supplies
- Manage documents, both paper and electronic, in a medical office
- Demonstrate knowledge and competency in ICD-10 coding and electronic medical billing of multiple insurances
- Follow laws and regulations regarding patient privacy and confidentiality
- Format and generate various documents required in a medical office setting

Goals

- Prepare students for a variety of medical office related jobs
- Offer a medical office assistant program that aligns with recommendations from local employers and industry trends
- Meet the growing need for trained Rotating Allied Health Program Planning medical office assistants

Approximate Additional Costs

- Placement test fee: \$20
- Books, supplies and miscellaneous fees: \$250-\$300
