Program Description

The Peninsula College Photography certificate prepares students for employment in a variety of photographic and visual arts related jobs including portrait, landscape, event, travel, sports, advertising, documentary, and commercial photographer. The hands-on program emphasizes technical, artistic, and business training in photographic technology, lighting, image editing, visual communication, and business planning for photographers.

Program Length: 3 Quarters

Program Code: PHOPHC45

Program Goals

- The program prepares students for a variety of photography jobs
- The courses are based on recommendations from local employers and industry trends
- The Peninsula College Photography certificate is significantly more cost effective than most private and public schools

Program Outcomes

When this program is completed, the student will be able to:

- Market or advertise photography services to attract clients
- Analyze and plan the composition of photographs
- Use various photographic techniques and lighting equipment
- Capture subjects in professional-quality photographs
- Enhance the subject's appearance with natural or artificial light
- Use photo-enhancing software
- Maintain a digital portfolio to demonstrate their work
- Archive and manage imagery

Career Opportunities and Earnings

There is a growing demand for talented photographers. Graduates may find positions with a variety of companies and organizations in the public and private sectors. Potential positions include: portrait, landscape, event, travel, sports, advertising, documentary, and commercial photographer. Wages often begin around \$25.87 per hour.

For current employment and wage estimates, please visit and search for the relevant occupational term: [bls.gov/](https://www.bls.gov/)
