Transfer and Degree Requirements

Students working toward their transfer degree typically take a variety of courses designed to fulfill the general requirements of most four-year colleges and universities. Students intending to transfer to a four-year college for further study are encouraged to work closely with their advisor and transfer institution to explore the requirements of the college they wish to attend after Peninsula. Most institutions have separate admission criteria, which may be based on grades, prerequisite coursework, test scores, and other considerations. Our sample schedule is designed to provide you with faculty recommended courses to complete your AA-DTA degree with an emphasis in political science, but is not a major ready pathway.

Students must select credits from three [distribution lists](#): Natural Sciences, Social Sciences, and Humanities. A specific course may be credited toward no more than one distribution requirement. A minimum of fifteen credits in two separate subject areas must be selected from each list. For Natural Sciences, at least five credits must be a lab. For Humanities, no more than five credits can be a Humanities-Performance course and no more than five credits may be applied in world languages at the 100 level.
